

Index to Volume VII, 1966

A

- Accident-proneness syndrome, Attentional profile No. 1. M. J. Meldman. 144
- Adolescents, under-achieving, New Treatment for. Samuel R. Splitter and Milton Kaufman. 171
- Affective symptomatology of depression in medical inpatients. John J. Schwab, Martin R. Bialow, Roy S. Clemmons, Charles E. Holzer. 214
- Aging—a few biological and chemical considerations. Joseph J. Friedman. 278
- Alcoholism outpatient clinic, Value of a "first contact" group intake session in an: Statistical confirmation. D. M. Gallant, M. P. Bishop, B. Stoy, M. A. Faulkner and L. Paternostro. 349
- Ambrosino, Salvatore V.: Neuropsychiatric aspects of pernicious anemia. 24
- Ambulatory patient, Psychopharmacologic therapy and the. Klaus W. Berblinger. 6
- Amitriptyline-Perphenazine, Double-blind controlled study of, combination in medical office patients with depression and anxiety. Seymour Diamond. 371
- Antidepressant drugs, Effects of, on psychodynamics. Leopold Bellak and Sidney Rosenberg. 106
- Antidepressant drugs, Neuropharmacological background of. E. Costa. 99
- Anxiety: Good or Bad? With special reference to children with rheumatic fever. Harold Boverman and Herbert E. Rie. 158
- Anxiety-tension, Preliminary observations on the use of RO 5-4556 in psychiatric disorders characterized by. Adam J. Krakowski. 150
- Aoki, M.; Ishikawa, H.; Ohtsuka, H.: Iatrogenic disease in general medicine. 131
- Attentional profile No. 1—The Accident-proneness syndrome. M. J. Meldman. 144

B

- Bellak, Leopold and Rosenberg, Sidney: Effects of antidepressant drugs on psychodynamics. 106
- Berblinger, Klaus W.: Functional symptom in psychiatric perspective. 205
- Berblinger, Klaus W.: Psychopharmacologic therapy and the ambulatory patient. 6
- Bialow, Martin R.; Clemmons, Roy S.; Holzer, Charles E.; Schwab, John J.: Affective symptomatology of depression in medical inpatients. 214
- Biological and chemical considerations, Aging. Joseph J. Friedman. 278
- Bishop, M. P.; Stoy, B.; Faulkner, M. A.; Paternostro, L.; Gallant, D. M.: Value of a "first contact" group

intake session in an alcoholism outpatient clinic: Statistical confirmation. 349

- Bizarre misuse of medication in pseudoneurotic schizophrenia. Donald W. Schafer. 376
- Blackout, recent, Persistent somatic symptoms following psychiatric hospitalization precipitated by the. Michael Blumenfeld and Lewis Glickman. 383
- Blood components, Changes in three, as a result of a stress situation. Rudolph L. Zlody. 14
- Blumenfeld, Michael and Glickman, Lewis: Persistent somatic symptoms following psychiatric hospitalization precipitated by the recent blackout. 383
- Bortin, Aaron W.: Total care of the psychiatric patient. 203
- Boverman, Harold and Rie, Herbert E.: Anxiety: Good or bad? With special reference to children with rheumatic fever. 158
- Brain disorder, structural, How the mental status evaluation can show. Edward L. Pinney. 288
- Breitner, Carl: Management of psychiatric patients in a general hospital. 167
- Bucci, Luigi and Johnson, E. E.: Determination of ionized calcium in mentally ill patients. 228
- Buffaloe, W. J.; Wilson, Ian C.; Rabon, Archie M.; Merrick, Howard A.; Knox, A. E.; Taylor, John P.: Imipramine pamoate in the treatment of depression. 251

C

- Calcium, ionized, Determination of, in mentally ill patients. Luigi Bucci and E. E. Johnson. 228
- Cancer detection, Psychodynamics in, A patient with advanced cancer of the lip. H. T. Lynch, T. P. Krush, Anne Krush. 152
- Canning, John A.: Double-blind, controlled trial of oxazepam in the office practice of internal medicine. 364
- Cardiac arrest, Psychological adaptation to pacemaker following. Barney M. Dlin, William Winters, H. Keith Fischer, and Peter Koch. 73
- Cardiac pseudoangina. H. H. Garner. 139
- Changes in three blood components as a result of a stress situation. Rudolph L. Zlody. 14
- Chemical considerations, biological and, Aging. Joseph J. Friedman. 278
- Children with rheumatic fever, Special reference to, Anxiety: Good or bad? Harold Boverman and Herbert E. Rie. 158
- Children with ulcerative colitis: Their own perception of the disease. John F. McDermott, Jr. 163
